ABOUT ME

Hi, I am Ruchi. I studied computer science with experience working across web- based teaching. On the moment I produced "Hello World" in the console of my first application. I knew, I was hooked into the world of Web development. Web Development has never been "just a job" for me, it is offered an engaging challenge to continually learn, teach, and improve my skills in creating good quality web sites. What started with a simple "Hello World" has become a full-fledged passion that only gets more excited as the years go by. I started my career journey to teach high standard Students where I taught and learned many new technologies asides. After extensive research in the web development field and completing various online courses, I signed up to a Full Stack web development bootcamp in Monash University. I am seeking a position in an organization allowing me an opportunity to utilizes my skill set for the betterment of the organization.

WORK EXPERIENCE

WEB DEVELOPMENT EXPERIENCE

- Built many Projects using jQuery, JavaScript, HTML, CSS and Bootstrap.

INTERNSHIP TRAINING in Java from Wipro Ltd. in 2014, India.

- My project on Content Management System which is part of Service Delivery Platform. Created web Portal where subscriber can download contents.
- Used XDIME language, CMS Storefront & Java technology for designing the Web CMS Portal.

COMPUTER SCIENCE TEACHER in Delhi Public School, India.   April 2015-Jan. 2020

- Created clear, engaging lessons to draw interest and develop students' ability to program in HTML, CSS and JavaScript.
- Emphasized web etiquette and practical applications of technology for professional use. Planned and implemented curriculum to teach up-to-date technology to students.
- Attended professional development technology courses to increase knowledge base and learn new information.
- Designed classes on MS Office Package Software for many students.
- Prepared a variety of different written communications, reports and documents to ensure smooth operations.
